Session description

How can JA PreventNCD actions support the implementation of the flagships of the EU cardiovascular health plan (Safe Hearts Plan)? This session showcases pilot initiatives from JA PreventNCD that support personalised and innovative cardiovascular prevention strategies across Europe, including digital tools, smoking cessation interventions, and polygenic risk scores. It will also present how young people's perspective can be integrated into prevention efforts, building on the successful experience of the Youth Advisory Group

Presentations and speakers

- Safe Hearts Plan – Marianne Takki, DG SANTE
- Bridging Initiatives: Applying JA PreventNCD learnings on digital tools for personalized prevention to the Safe Hearts Plan – Mette Bach Larsen, Region of Southern Denmark
- Evaluation of the Accuracy of Polygenic Risk Scores for Cardiovascular Disease Across Different European Countries – Andres Metspalu, University of Tartu
- Quality Improvement in Primary Care Tobacco Use Treatment – Ana P. Medina, IDIVAL
- A blueprint for integrating young people's perspective in the Safe Hearts Plan – Helena Mayerhoffer, Youth Advisory Group

Future-proofing prevention: NCD monitoring gaps in an evolving market

Session description

How can public policy keep pace when private interests move faster? This session explores the data-to-policy gap and showcases JA PreventNCD efforts to highlight and address this gap, moving from reactive monitoring to proactive regulation.

Presentations and speakers

- Session introduction – Hanna Tolonen, THL
- Moving targets: The rapid evolution of harmful markets – Hanna Ollila, THL
- Bridging the Gap: Harmonising Surveillance – Morten S. Frydensberg, Region of Southern Denmark
- Impact and insights: measuring success through policy monitoring – Arnfinn Helleve, Norwegian Institute of Public Health
- Commentary and reflections – Benedetta Armocida, JACARDI Coordinator, ISS Italy, and Youth Advisory Group perspective, TBC

Engaging with key actors to strengthen NCD prevention

Session description

Meaningful engagement with key actors, from policymakers and civil society to practitioners and communities, is central to the effectiveness and sustainability of NCD prevention. This session features short presentations from consortium pilot leads and a panel discussion across local, national and supranational perspectives.

Presentations and speakers

- Why engaging key actors matters for NCD prevention – Martin Thißen, WP3
- Health in Impact Assessments – Gabriele Gruber
- Food Procurement Network – Mette Svendgaard Høgholm
- Everybody around the table to improve oral health literacy – Nicolas Giraudeau
- Panel discussion – Huguín Snorradóttir, Hanna Ollila, Mojca Gabrijeičič and Martina Serra, moderated by Meg Yates

15:30 – 15:50

Break + Poster exhibition in Pocchiari

Reducing social inequalities in cancer and other NCDs

Session description

This plenary session highlights how the JA Prevent NCD is actively contributing to reducing social inequalities in non-communicable diseases. It focuses on concrete results across multiple areas, from monitoring health inequalities in Europe, to investigating interventions and policies to reduce social inequalities, and community- and municipal-level actions. The session concludes with a short Q&A, providing an opportunity for discussion and reflection.

Speakers

- Introduction: the role of WP7 and aims of the session – Raffaella Bucciardini, WP7 lead
- Systematic mapping of health inequalities reporting in data dashboards in twelve European countries – Sebastián Peña Fajuri, Task 7.1
- How population-based monitoring systems can help monitor impact on social inequalities in NCDs – Valentina Possenti, Task 8.3
- Evidence for national policy actions on health inequities: results of a scoping review – Gerd M. Flodgren, Task 7.2
- Wellbeing Economy toolbox: A practical resource for integrating health into decision-making – Dóra Guðrún Guðmundsdóttir, Task 9.6
- WHO ICOPE implementation in France – Néda Tavassoli, Pilot 7.5.13
- Beyond prevention: strengthening health literacy in communities and municipalities to reduce inequalities – Peder Ringnes Berrefjord, Task 7.4
- No equal start: social disparities in early infancy – Angela Giusti, Task 6.5
- An approach to promote Environmental Justice and prevent NCDs in communities affected by large and long-lasting industrial contamination – Roberto Pasetto, Task 7.5.9

Addressing Commercial Determinants in JA PreventNCD: Policy, Practice and Inequalities

This session explores the commercial determinants of health as a cross-cutting challenge for NCD prevention and health equity. It examines how commercial determinants operate in practice, how they contribute to social inequalities, and what public-sector responses and safeguards are needed.

Presentations and speakers

- Chair's welcome – Freyr Guðlaugsson, Directorate of Health, Iceland
- Keynote: What are the links between CDoH and social inequalities in health? – Nason Maani, University of Edinburgh
- How does JA PreventNCD address CDoH? – Silke Cnockaert, Sciensano, Belgium
- Tackling Industry Interference in NCD Policy: Insights from JA PreventNCD
 - Tobacco and Nicotine Industry Interference: Gaps in Policy Protection in a Changing Product Landscape – Taija Voutilainen, THL, Finland
 - Corporate political activities in food environment policy – stakeholder perspectives in four European countries – Kaja Lund-Iversen, Norwegian Institute of Public Health
 - The baby-food ecosystem and conflict of interest – Elise Chapin, Baby-Friendly Hospital Initiative Network
- Panel conversation:
 - Valentina De Cosmi, Competent Authority, Italy
 - Gabriele Gruber, Competent Authority, Austria
 - Nason Maani, University of Edinburgh (EEAB)
 - Matthew Baldacchino, Medical Doctor (YAG)
 - Sofie Randby, Norwegian Institute of Public Health

Room: AULA NITTI

Physical Activity across scales: from local action to global strategies

This session presents how physical activity is addressed within JA PreventNCD across different levels and approaches, from local to national and cross-sector initiatives.

Speakers

- Urška Polanc, NIJZ
- Federica Rossetti, Sciensano
- Morten Frydensberg, Region of Southern Denmark
- Harry Rutter, External Advisory Board
- Pernille Sletteberg Sørensen, Representative from the Youth Advisory Group

Room: AULA
MAROTTA

Streaming
available

Financial management session: How to ensure effective financial management of a large EU project

The session focuses on financial management of JA PreventNCD, including reported data, phased budgets, use of PM, budget flexibility, RP2 financial reporting, common issues from RPI and feedback from HaDEA.

Speakers

- Agnes Karina Straum Rasmussen, Norwegian Directorate of Health
- Leonard Rabben, Norwegian Directorate of Health
- Kjell-Tore Sørensen, Norwegian Directorate of Health

10:30 – 11:00

Break + Poster exhibition in Pocchiarì

11:00 – 12:30

Transversal work on social inequalities across the Joint Action

This session will present the Equity Tool and explore transversal working groups on monitoring systems, populations in vulnerable, fragile or at-risk situations, and transferable tools.

Speakers

- Raffaella Bucciardini – Introduction to the session and the equity tool
- Giorgia Rossi – The transversal working groups: outcomes defined and activities of the participants
- Group 1: Monitoring Systems – Defining an indicator together: participants to WG1 share ideas for discussion
- Group 2: Population in vulnerable, fragile or at-risk situations – Defining an indicator together: participants to WG2 share ideas for discussion
- Group 3: Transferable Tools – Defining an indicator together: participants to WG3 share ideas for discussion

**Room: AULA
MAROTTA**

Modernising tobacco control legislation in the EU to achieve Tobacco-Free Generation

This session provides an overview of tobacco-related work within JA PreventNCD supporting the Safe Hearts Plan flagship on modernising tobacco control legislation.

Speakers

- Youth Advisory Group chair, TBC
- Hanna Ollila, THL
- Marcela Fu, ICO
- Tord Finne Vedøy, Norwegian Institute of Public Health
- Christina Martinez, ICO
- Taija Voutilainen, THL

12:30 – 13:30

Lunch + Poster exhibition in Pocchiari

12:50 – 13:30

Room: AULA NITTI BOVET

JA PreventNCD: "European version of the Determinants of Health Rainbow"

Creating a JA PreventNCD (European) version of the "Rainbow model" (a revised Dahlgren and Whitehead model) may help all partners see the overall picture of health determinants and NCD prevention efforts in a European context and to understand how it relates to the main objectives of JA PreventNCD.

13:30 – 15:00

Prevention Pays: The Investment Case for NCD Prevention, building on outputs from JA PreventNCD

This session will explore how prevention and health promotion can be framed and communicated as investments in economic and social wellbeing, creating co-benefits across sectors.

Speakers

- Katri Sääksjärvi and Sólveig Karlsdóttir – Framework of KA-WGI: what the group aims to achieve, how it will work, and a snapshot of mapping results.
- Carolyn Daher – Making the case for the co-benefits of urban investments for health
- Examples from JA PreventNCD:
 - Angela Giusti and Anne Bærug Baby-Friendly Community and Health Services
 - Nicolas Giraudeau – mOralHealth: digital tools to improve oral health literacy in deprived populations and train primary care professionals
- Panel discussion:
 - Silvia Ganzerla – EuroHealthNet
 - Carolyn Daher – JA PreventNCD External expert advisory board member
 - Anastasiia Voloshyna – JA PreventNCD Youth Advisory Group
 - Meg Yates – JA PreventNCD Evaluation team
 - Nicolas Giraudeau – JA PreventNCD Pilot Leader 7.5.20

Room: AULA NITTI BOVET

Shaping Healthier Food Environments to Prevent NCDs

This session will explore how nutrition-related activities across JA PreventNCD contribute to shaping healthier food environments and preventing NCDs, using the Nutrition in PreventNCD system map.

Speakers

- Katarzyna Brukało
- Short thematic contributions across five pathways: Rules and Incentives, Daily Food Environments, Communities and Equity, Prevention Pathways, and Monitoring and Evidence
- Moderated joint discussion with participants

Room: AULA MAROTTA

WP10 meeting: personalised risk stratification

Interactive session starting from reflections on WP10 posters, followed by structured group discussion in a World Café setting. The aim is to synthesise pilot insights and translate them into implementation and policy recommendations on personalised risk stratification.

15:00 – 15:30

Break + Poster exhibition in Pocchiari
